

Our Learning Environment:

We are programmed much like a small school. Our Morning Academic Program is set up with four different classrooms where our teachers present daily lessons based on SC state Standards using three different curriculums: ABeka Phonics, Creative Curriculum, and Bible Time by Karen Hinsley.

Our Learning Opportunities:

We offer an array of age appropriate learning opportunities for our students: Large Group Circle Time, Small Group Phonics and Math Time, One on One Alphabet Time and Classroom Learning Centers.

Our Enrichment Classes:

We offer multiple enrichment classes to our students each week: Sign Language, Music, Science and Phonics.

Social Interaction Opportunities:

We offer multiple occasions daily for our students to interact with each other and learn social skills. We work with our students to help them know how to appropriately respond to their peers in classroom social situations. We model sharing, taking turns, listening to each other, apologizing and verbalizing requests.

A Glimpse at our day:

Our doors open at 7:30am during the school year for early drop off and our academic program begins at 8am. The doors are locked at 8am, and we ask that all students are in their classes by 8am. Here is a typical morning academic program schedule:

A Typical Morning Program Schedule:

7:30-8:00	Morning Room
8:00-8:15	Morning Work
8:15-8:30	Circle Time/Music and Movement
